Re: RMA Tube Standardization
Release #74. Correction

Please refer to our Release #74 regarding ballast
tube types, which read:

1R1G {540 milliamperes, octal base}
1T1G {560 milliamperes, octal base}
1K1 {550 milliamperes, octal base}

The following is correct:

1R1G {540 milliamperes, octal base}
1T1G {560 milliamperes, octal base}
1K1 {550 milliamperes, old 4 pin base}

Thank you.

Very truly yours,

Edward W. Wilby
Chairman
Tube Numbering
